

Adelphi Healthcare Packaging - Stock Glass Injection/Freeze Drying Vials

Tubular Type I glass injection/freeze drying vials

Tubular glass vials manufactured by SCHOTT forma vitrum from SCHOTT Fiolax® neutral Type I glass tubing.
Vials can be manufactured to your precise specification for viable production runs.

SCHOTT
forma vitrum

SCHOTT forma vitrum quality

- All steps in production are monitored by a DIN EN ISO 9001:2000 GMP - orientated Quality Management System.
- All manufacturing processes are carried out in accordance with ISO15378:2006.
- In addition, SCHOTT vials are supported by an FDA Drug Master File (DMF) Type III registration.
- All vials are subjected to opto-electronic dimension inspection during the production process.
- Packing is carried out in class 100,000 cleanroom conditions.
